May 12	7	3
May 13	7	0
Total Express 1354	35	9

Ten car loads of beans and tomatoes rolling from Canal Point-Pahokee station May 13. The Florida East Coast railroad Thursday morning, part of the 45 solid cars for the week ending May 13, was the heaviest forwarding ever made in any one day from this station. Packages from Chosen, Torry Island and Belle Glade continue largely to the south. During the week Captain John S. Gray's boat the Bernice had brought an average of nearly two cars a day from Hillsboro canal and inland points, bringing 1,500 hampers of beans and crates of tomatoes Thursday morning.

Express shipments for the week ending May 13 totaled 1,354 packages, a number above the average but not breaking the record of three weeks ago when 3,000 packages were expressed.

The Everglades, though has not been provided with roads, and the Florida peninsula through which station of the Atlantic Coast Line railroad from the crop from South Miami, Miami Lock and Bare Beach-Ritta.

Outcome of the upper Glades tomato deal so much dependent on weather that it is impracticable to estimate what the total number of cars may amount to. As the crop is late shipments will not be made until May if the rains hold off and prices hold up.

For the past month the shipments at Canal Point-Pahokee station have averaged 35 cars a week and as sales are on a basis that upward of \$1,000 per car growers in the Glades are getting up to \$15,000 in the Glades. The Florida territory have received upward of 150,000 in that period.

Heavy shipments are being made from Krummer Island, moving through Clewiston on John Fult's boat.

The weather throughout the upper Glades is the most favorable to all farm operations. At Moore Haven, on the west side of Lake Okechobee, there was a heavy rain on May 12 and a total fall of one and a third inches on May 3 but the rain did not extend to Ritta. The first rain was on May 8 when the precipitation was a little more than one inch. Most of the rain the early part of the month was at the north end of the lake, Okechobee City getting three-quarters of an inch on the 2d. There was a half-inch fall at Belle Glade on May 3 and a trace on the 4th and 6th. Three-quarters of an inch of rain fell at Canal Point May 9. The effect of the rain was good and in no wise harmful.

Tomato Markets
New York City received on Tuesday 16 cars of tomatoes from Florida, 4 from Mexico and 1 from Cuba by boat. Fancies sold at \$767.50, choice \$66.50. Chicago had 20 cars on track and received 1 car from California and 2 from Florida, 2 from Mexico and 2 from Texas. Prices: Choice \$5.50/60; fancy, \$5.25/60. Boston prices were in line with Chicago and New York. St. Louis paid up to \$8.50 for fancy tomatoes on May 11.

All Tomato Districts
Up to May 10 the total movement of tomatoes from all districts in the United States was 1,209 cars; last year at that date 4,848 cars had been shipped. As Florida had rolled 1,777 cars this year only 162 cars are having originated at all other producing points. On the one day May 10 the United States received 20 cars of tomatoes from the following sources: California 3, East Coast of Florida 9, other Florida 3, Texas 6, according to Florida Marketing Bureau. This report probably was incomplete. Eight cars of tomatoes were held at Pompano Beach, Fla., for export. The number of cars of tomatoes passing Potomac Yards in the 24 hours ending 11 A. M. May 12 was 20. That for the 24 hours ending May 13 was 20. The reports of forwardings from Florida.

State's Beans
Thirty carloads of beans were shipped from Florida yesterday May 13 and May 14.

11, of which 17 cars were shipped on May 7, 24 on May 8 and 6 on May 11. New York got 8 cars of Florida beans by freight and 2 cars by express on the 11th and paid from \$5 to \$5.50 per hamper. The 2 cars Chicago got on that date came from Louisiana and because receipts were light that day the price held at \$6.50/7.50. The Boston market got some South Carolina beans this week as well as from California and Florida; the price ranged \$2.50/3.00.

State-Beard Bureau
JACKSONVILLE, FLA., May 12.—In the week ending May 12th, 68 cars of beans passed Potomac Yards, 48 destined to New York City, 10 to Boston, 9 to Philadelphia, 1 to Buffalo. Shipments in the week ending May 11th, Florida shipped 101 cars of beans, California 14, Texas 4, Louisiana 3. Today's Potomac diversions: Ten cars of beans diverted to New York, 3 to Boston.

Today's markets: Baltimore—\$6.65/50, poorer \$5.50/4. Atlanta—Red valen-tines and stringless \$46/40. Wash-ington—\$6.65/50. Boston—Green \$5.65/50, poorer \$5.45/50. New York—Florida 11 cars beans, receipts by express equiv-alent to three cars from Florida; sup-plies rather liberal, demand moderate, market steady. Florida hampers green and flat \$5.50/60, wax best few sales; flat \$5.50/60. Chicago—May \$7.50/80; Cincinnati \$6; St. Louis fair \$4.

State's Tomatoes
Shipments from Canal Point-Pahokee had amounted to 1,777 cars up to May 11, of which 1,240 had gone to eastern cities, 25 to the west and 213 to other markets. The shipments from the state on the one day May 11 amounted to 43 cars of tomatoes, 28 went east and 15 to other markets. In the week from May 7 to May 11 the number of cars of tomatoes from the state was 109. The daily movement has varied from 47 cars on May 7, 113 cars on May 8 and 43 cars on May 11.

The movement for the present week from the Manatee section was about 175 cars.

BELLE GLADE

BELLE GLADE, FLA., May 11.—Mrs. Allen Green left the district yesterday Friday and departed her home. Dr. Taylor of Torry Island set the injured limb.

Hunt has purchased and moved into the Hollow houseboat.

The Bell Telephone Company's houseboat "Take It Easy" is anchored inside the bridge, while the crew is installing the line to Pahokee.

Mrs. S. G. Parker was called to Kan-sas by the serious illness of her mother, Mrs. Chas. Hemminger, and little daughter of Dade City were guests over the weekend of their husbands. They left after dinner by Mr. and Mrs. Hastings, also of Dade City.

W. H. Smith, who is not at all well, has been called to his home in Boston, Mass., where he will spend a couple of months with relatives.

The schools will close next Friday morning at Lake W. M. Kelley and Mac Lachie Hayes.

Mr. and Mrs. Kelley's family will leave Friday for Kentucky, on a vacation trip.

DEPUTY FIRE WARDENS

TALLAHASSEE, May 12.—Ap-—pointed deputy wardens for sub-districts today by Governor Mavin. They are W. C. Simmons, West Palm Beach, district 18 and W. C. Hooger, Clewiston, district 7.

TROOPERS TO LA BELLE

TALLAHASSEE, May 13.—Ap-—pointed thirty-five and forty of the state troopers, members of the national guard, to patrol the area. The troopers have been ordered by Governor John W. Martin to proceed to area to La Belle, where they will be stationed for the purpose of the lynching Monday of a negro.

CANDIDATE BUSY

L. L. Stucky, candidate for county commissioner, says his opponents have been so busy with the election that he is having to look after the picking of a big bean crop on section 3 at Canal Point. He also has been busy with the corn and field peas. He believes, however, that the voters will understand that he is not a candidate for the office after his interests and he will be nominated.

NEW COUNTY ENGINEER

Roy O. Goodman took over the position of county engineer Wednesday afternoon, after a conference with the engineer in which review was made of the status of work. The two engineers will make a trip over the county together. J. T. Pickett, who has been in charge of road work with headquarters at Belle Glade, will remain there in capacity of an engineer.

PUMPING PLANTS IN 3 DISTRICTS TO AVOID FLOOD

Two Sub-Districts Join
To Maintain Dike
Between Canals

SLUICeways AT BOTH OUTLETS

Chief Engineer Elliot
To Join Conference
on May 25.

A pumping plant at South Bay equipped with three standard flat Diesel engines of 180-horsepower each and three wood screw pumps each with a discharge capacity of 1,000 gallons of water per minute will be in operation within 30 days. This is the first of six such plants to be installed in Palm Beach drainage and highway district, which embraces a large body of land south of Lake Okechobee and bordering the lake.

A plant on a site at Chosen in unit No. 6 of the district will be in operation within 90 days. Material is being put on the ground for a pumping plant at the outlet of the dike in this report of the immediate status of construction was made by The Everglades News last night by C. G. Schmitt, engineer in charge.

H. T. Holloway of the dredging firm that is doing another part of the ap-proved drainage work in Palm Beach drainage and highway district, reported this week that the four units of the district would be completed in 90 days and all of the lateral ditches cut within the same time.

The floating dredge that started mile and a half east of Belle Glade from Hillsboro canal to work on the dike and make the dike on the eastern bound-ary of the district has made three miles progress since April 27.

The floating dredge in the Bare Beach territory dug 14 miles of later-als last month. The walking dredge is breaking between South Bay and Miami canal on the east line of the South Bay unit. The Berkeley machine of which C. Graham is in charge, that was moved from south of Pahokee to a point a mile east of Belle Glade is being reworked for use in that locality.

Mr. Schmitt explained to the editor of The Everglades News last week that the operation of the drainage district pumping plants is reversed. In each of the buildings in which the plants are installed, there are 5-ton traveling cranes, installed as the buildings are erected. When it is necessary or desirable to move the plants on the land for irrigation instead of for drainage, the pumps will be lifted by the use of the cranes.

The operation of turning the machines in the pumping plant can be accomplished in two hours.

When the South Bay plant was visited last week all that remained to be done was the connecting up of sections of the discharge pipes. A dredge will then cut the dam between the main out-let canal and the pumping plant.

Pahokee District
R. J. Crews reports that conditions are such at the Pahokee district pump-plant that it can be put in operation on moment's notice. The batteries will have to be recharged after about six hours' run and the generator may have to be repaired but arrangements have been made to deal with both of these contingencies. Karl Riddle, the district engineer, was at the plant Thurs-day of last week and made an inspec-tion. He said the contractor was dis-posed to come out shortly.

Pelican Lake District
The engines for the Pelican Lake district pumping plant have been set on the foundation at the site on the north side of West Palm Beach canal be-tween the house of the sugar mill. The Fairbanks-Morse Company erector came last week. The pumps are being assembled.

County Commissioner E. T. Minor has had a party of friends on route with his wife to Miami, called at this office Tuesday, to bring a message from E. T. Minor, who is on East Beach, to the Curtis-Bright tract in Glades and Highland counties. It is not believed that Glenn Curtis and J. H. Bright were aware of their names were being used. The prices of a "unit" was to be \$100. The printed form shows a space for the name of the sales agent and the salesman.

Claim has been made that the Glades people are not interested in the "nothing to sell." The documents in the possession of The Everglades News show that the interested parties have something to sell.

The oil promoters kept their names off of some of the printed matter they used, using only the name of the man who had been enticed into a business deal with them. One specimen of the printed matter uses a drawing or "cut" similar to the drawing used three years ago by oil promoters at Miami, before officers of one of the pretended oil companies was indicted and fled the country.

These expose deals with R. F. Brew-ton alone for the present.

OIL OPERATOR FACES FAILURE OF CONFIDENCE

Large Acreage Insured
Against Overflow In
Next Season

BY USE OF DIKE
AND PUMP PLAN

Fourteen Miles Laterals
Cut At Bare Beach
Last Month

R. J. Brewton, sometimes referred to as an officer of an "oil company" oper-ating in Glades county, chief figure in the abortive attempt to stage a frenzy in speculation at Okechobee, will, ac-cording to reports from Okechobee, be a bankrupt, a defendant in court pro-ceedings, or a fugitive from justice within ninety days.

This forecast is made despite the ex-pectation that when another pretended oil company is formed in Glades county, it will be made, more oil may show than was shown at the earlier "tests." It is not implied, however, that the well will ever be a paying producer.

PAY TAX TO VOTE

To vote in the primary election June 8 poll taxes must be paid by May 15, unless the voter is beyond the age limit. Payment must be made at the office of the county tax collector in West Palm Beach.

MORE HOUSES FOR RAILROAD FORCES

Big Camp Being Made
By Contractor Be-
tween Two Towns

A shop building 40x60 feet will be built between Canal Point and Pahokee by the Kershaw Construction Company. The building will be finished this week and the equipment will be mounted on the dike and ready for use within a week.

The firm's dipper dredge No. 1, mak-ing the grade for the Belle Glade-Pahokee road, is now within miles of Pa-hokee. Dredge No. 2, which is to dig rock for the East Beach roads, started April 27 at a point one and a half miles east of Belle Glade from Hillsboro canal to work north and has made three miles of the east dike for Palm Beach drainage and highway district.

North and South Road
T. Minor of Kenansville, Okechoa county, county commissioner from the Kenansville district, reported at the office of The Everglades News Tuesday that contract was signed in that county Saturday for the construction of 27 miles of highway on a north and south line through the Kenansville district, to extend to the Okechobee county line. The contract was let to C. A. Smith & Sons & Walker as part of a \$1,000,000 dollar road construction program in Okechoa county and is for a highway known as state road No. 29 for which the Okechoa county bond issue provided one million dollars.

Signing of the contract is the product of quiet but earnest effort for the establishment of a road that will extend through the length of the Florida peninsula, touching Orlando, Kissimmee, St. Cloud, Okechobee, Canal Point, Pahokee and Belle Glade and crossing the bank of one of the Everglades drainage canals to the lower east coast.

The Okechoa county two million dol-lar bond issue carried a few weeks ago by a vote of more than 4 to 1 and pro-vides for a total of 85 miles of con-struction, which has been let to sev-eral contractors.

The State Road Department has sent surveyors to Okechobee county to sur-vey a route in that county for the con-struction of state road No. 29 from the Okechoa county line, through Okechoe-bee county. A sum of money due Okechoe county from the State Road Department funds will be spent on state road No. 29 and hope is expressed that Okechoe county can start work on its part of the road the sum-mer.

GLADES WEATHER
Canal Point
Temperature and rainfall record at Canal Point, Florida, for week ending Date High Low Rainfall

CHARLES W. BELL

To the People of the Everglades District of Palm Beach County

In your interests, some of you have persuaded me to become a candidate for re-election, although my private interests prompted my retirement at the end of this term. I believe that the completion of our present program of roads for this district is more important to our mutual interests in this county than any other single factor.

WE ARE ALL LAND-OWNERS TOGETHER

We are all interested in these roads now under construction and what their completion will mean to our common interests and community life. The Everglades District should have as good roads as can be built. This will mean Progress and Prosperity for the entire county. And to get them, I see that it is important for the present program to go on without interruption.

IT IS UNWISE TO CHANGE HORSES IN MIDSTREAM

Thus, having been able to forward our common cause this far, I wish to see our program through to a winning finish.

OUR RECORD

YOU VOTED \$990,000 OF ROAD BONDS
WE RECEIVED FOR THIS ISSUE \$1,030,000
THIS MEANS WE SECURED YOU A PREMIUM OF
\$40,000 OVER WHAT YOU AGREED TO APPROPRI-
ATE.

I personally had meetings with bond-holders and stayed "on the job" tirelessly until we were able to sell these bonds for this sum. Every project included in this bond issue is now under way. My purpose in "carrying on" is to see that this MILLION THIRTY THOUSAND is properly spent and paid out only as contracts read.

I have been on the job at all times.
I want to stay on the job until it is finished.

Believing it for the common interest of all concerned, I ask your support on June 8th.

CHARLES W. BELL,

COUNTY COMMISSIONER,
EVERGLADES DISTRICT.

THE WAY THE WIND IS BLOWING.

We'd like to vote for Mr. Bell.
We count him as our friend;
And Stuckey, too, we know quite well.
Him we would recommend.

But we have been around a bit,
And heard what people say;
The one most all the votes will get
Is Howard Sharp. Hurrah!

We know he knows our every need,
His service will be true;
He's not afraid for us to plead,
Our projects he'll put through.

And so we think it is the best
To give to him our vote,
And let the other fellows rest,
Although they are of note.

—FRANK FRIEND.

PAHOKEE

Rev. Fred Tiffin is able to be out again after illness with pneumonia.

Rev. Earl Lewis left Monday for Opa, Fla., where he conducts a two week's meeting. Mrs. Lewis and babies accompanied him.

Mrs. Butler and baby are visiting her cousin, Miss Edna Bell.

Mrs. Stanley and baby are visiting Mrs. Tom Sheppard.

Mrs. McQuinn and little son left for their home in Montverde last Friday.

Her sister, Miss Venie Mae Tiffin, accompanied her.

Mrs. C. A. Shive will entertain the young people of Pahokee next Friday evening.

The Junior B. Y. P. U. did not meet last Sunday because of the funeral of G. E. Galloway.

They will meet Sunday after Sunday school as there will be no preaching that day.

The Bank of Pahokee has been re-organized, screened and furniture varnished the past week. The work was done by Mr. Leonard and improves the appearance of the bank.

Kilpatrick & Stuckey shipped three cars of beans this week, and L. L. Stuckey shipped two cars of beans not included in the partnership.

Elliot & Robison, Ford dealers, have received 20 cars and 4 trucks this month, most of which are already disposed of. They have secured the agency of the Lincoln transmission, which improves the speed and power of Ford trucks.

Mr. and Mrs. Wayne, Miss Ruby Lowe and Mr. and Mrs. Earl Lewis were among those who went into West Palm Beach Sunday to attend the funeral of Mr. Galloway.

They returned in time for the meeting at seven o'clock.

Mr. and Mrs. Lewis Stanley of Miami called to see Miss Ruby Lowe at the Wilder drug store Tuesday afternoon.

Mr. Wilder, Perk and Adine Wilder, Rev. W. E. Sparkman, Rev. Earl Lewis and Miss Ruby Lowe went into West Palm Beach Thursday to visit Mrs. Wilder at the hospital.

DEATH OF G. E. GALLOWAY

G. E. Galloway, a pioneer on East Beach and well known, died Friday of last week in West Palm Beach at the home of his brother, Ed Galloway.

Death was attributed to creeping paralysis. He had gone to West Palm Beach two weeks before his death. The funeral was held in West Palm Beach Sunday and was attended by many friends from "Pahokee." He was 56 years of age.

Mr. Galloway was born in Henry county, Ala., and came to the lake in 1912, engaging in fishing and continuing in that business while engaged in farming. He was the only original settler on East beach who retained the land he had originally settled on.

IDEAS BETTER THAN GRAMMAR

Inspired by some comment made by the Wanchula Advocate, which bemoans that grammar has been neglected and almost forgotten, the Jacksonville Times-Union discusses the subject in an editorial under the caption "What the Matter With Grammar?"

and agrees with the Advocate that most grammar treatises, isn't it to eat?

The allegedly comic cartoons in the daily papers seem to strive to rival one another in disregard for grammar and as these pictures are studied with more interest and by a larger number of persons than grammar text books are studied, the schoolteachers have hard competition. The moving picture legends aren't much better than the comics.

But what of it? The human race got along without formal grammar for a long time—until a despotic ruler put up in the Alexandria library a lot of philosophers who, not having anything else to do, devised rules of speech. Editors who handle communications

from readers do not complain, as a rule, if there are errors of grammar in the communications; the essential thing is that there be ideas in the communications.

WM. HUNT MARRIED

William Hunt, an employ of Bryan & Holloway, and Miss Lois McCord of Bare Beach were married April 28. They are living at Belle Glade, Mr. Hunt's wife, who is a headwaiter when he was on the McCoy Line boats.

I AM TO BLAME

Two loving folks are married To live a happy life. Not long the load they've carried Until they meet with strife.

They each say it's the other That's why they can't agree Try this with her my brother Just say the fault's in me.

Then quick the strife is ended She'll say, "No, I'm to blame." And then your love is mended Two hearts will beat the same.

MAYOR'S PROCLAMATION

BEFORE the Board of Mayor, Clerk and three Councilmen will expire May 28th, 1926.

Now, therefore, I, E. G. Kilpatrick, Jr., mayor of the Town of Pahokee, Fla., do proclaim, publish and announce by authority of the said Town of Pahokee, Fla.

1st. An election is hereby called in the Town of Pahokee, Fla., to be held on the 25th day of May, 1926, between six o'clock A. M. and sun down of the same day at the office of the Town Council in the annex to the drug store.

2nd. The following persons are hereby appointed to serve as clerk and inspectors to conduct said election: H. Cranston, Wm. Shannon and C. A. Edgerton, inspectors and C. L. Wilder, clerk.

3rd. It is further declared that the question as to whether the Town of Pahokee will release from its corporate limits all that part of territory south and west of the following described line: Beginning at a point one-half mile from shore opposite where the state dike intersects Lake Okeechobee and running said dike to where said dike crosses the line leaves the section line of section 19-42-36 on the south. Thence

said original line.

The form of ballot shall be as follows or like effect.

For Clerk—Vote for one.

For Councilmen—Vote for three.

For making state dike western boundary of corporate limits.

Against making state dike western boundary of corporate limits.

Make cross on line you wish to vote for.

5th. The person receiving highest number of votes for mayor and clerk and the three receiving the highest number for councilmen shall be declared elected, and shall require two-thirds majority to carry on the boundary question.

6th. This proclamation shall be posted in three conspicuous places in the Town of Pahokee, Fla., for thirty days preceding election.

Given under my hand and authority this 22nd day of April, A. D. 1926.

E. G. KILPATRICK, JR., Mayor of the Town of Pahokee, Fla.

EDITOR MAKES HIS CAMPAIGN OPENLY

Makes Speech At Pahokee To Say Same Thing To All Voters

Howard Sharp, editor of The Everglades News and candidate for the Democratic nomination for county commissioner, spoke to a small audience at Pahokee Theatre Thursday evening of last week. The date for the meeting having unintentionally conflicted with date of a service at the Baptist church, his talk was limited to half an hour and concluded at 8 o'clock, in order that no one be deterred from going to the church for the sermon. He said in part:

"I thank you for your presence here. I have come before you so you can look at this old head of mine and see if any horns are sticking out, because I hear there are reports that I am a regular devil, who would bite your head off if you spoke to him. I do not recall, however, that I bit anybody's head off when I was asked to add the claimants in section 13 in getting the trustees of the I. I. Find to sell them the land they wanted. On the contrary Mr. Thomas Hunter, who took a letter from me saying he was a representative of my newspaper and wrote a series of about twelve articles from Tallahassee, said I reeled him courtously and that in co-operation added him to 'bring home the bacon.' Nor do I recall that I bit Mrs. Burford's head off when she asked my help in getting a contract so her infant would have a larger output by refrigerating the milk. On the contrary, with the aid of my friend Attorney M. D. Carmichael of West Palm Beach, the present owner of the refrigerator car company came to Canal Point and saw me and made a contract that Mrs. Burford says is satisfactory. You shippers know what it means to be able to get local icing service."

"When the dredge Calosatchee had closed Okeechobee road and we couldn't get to the county seat without going by way of St. Lucie canal and using the Martin county road, I didn't bite anybody's head off when I was asked to help. I went with a committee of Canal Point business men to the office of the county engineer, Alex Taylor, and we worked out a plan by which operations were advanced more swiftly. I forbore to give other instances."

"It may be that in some cases I have hurt the feelings of men who engaged me in controversy and got the worst of it because I knew the facts and got the best of the argument because I did know more about the subject than they did. I do not believe this proves I am unkind in the ordinary relations of life, or that I cannot deal with members of the county board if I am elected."

"I have known for many years 'Brother Joe' Bell, the present chairman, served with him on committees, reported his actions on the old city council of West Palm Beach some years ago. I have known Bert Ratliff, the commissioner from Boca Raton, for many years, and written of their official actions without having disturbed pleasant social relations."

"Go into West Palm Beach and ask any of the business and professional people who were there as long ago as six or eight years—ask any of them if Howard Sharp is honest and fair and capable. I will risk that test."

"It doesn't make any difference who the commissioners are from the other districts in the new term; it is certain that all of them will be men I have known, because for six years I attended every meeting on the east coast that brought the most important people together. A story was told around here that I was fired off the Palm Beach Post because I was hard to get along with; that he has been exposed and nailed. The story that I would not be able to work harmoniously with other members of the board's just as unfair and untrue as the story that I was fired off of The Post."

The speaker referred to the story that he was a Socialist and gave his version of the origin of the story. He said he was a member of the printers' union and his sympathy with the carpenter had been expressed when wealthy vin-

ter residents of Palm Beach were trying to make contractor cut wages and this was one of the reasons he was called a radical. He said his enlistment in the army, made at the sacrifice of a job that paid more than his Everglades newspaper could ever pay him in money, should be a sufficient answer to one phase of the charges that had been made against him.

"May be I should not be elected county commissioner—may be I should be defeated, but," the speaker added, "I hope my defeat will not be accomplished by the circulation of stories such as these."

Sharp criticized the commissioners of Everglades drainage district and Pahokee district and the county commissioners and by so doing I cut myself out of some revenue, but I did it standing for your interests," the speaker went on, "Is that a reason you should vote against me or for me? I may have been severe in reference to those officials, when we were in the midst of the tragedy of the flood, but who will say I ever spoke disrespectfully to a woman or harshly to a child?"

Mr. Bell, the present commissioner and candidate for renomination, has bought a page for every issue of my newspaper, until the primary. I will give all the space required and without charge if he will show how that one million dollars was placed where it is deposited, what interest if any is paid on it by the bank that has it, how much has been spent and what for, and who signs the orders and what about the bond trustees. We know the bonds were sold and sold at the same price; other bonds were selling at then, but now fully has the law relating to bond trustees been followed? If Mr. Bell sold the bonds at such a good price, why has W. A. Dutch been hired to sell the bonds for Military Trail, and if it was W. A. Dutch who sold district No. 11 bonds, why does Mr. Bell take all of the credit?"

BOY SCOUTS

Boys of Canal Point troop No. 1, Boy Scouts of America, spent a Saturday night recently at a camp at Loxahatchee in company of troop 10 and 11 of West Palm Beach. B. M. Mott is scoutmaster of troop No. 10 and Mr. Varbon of No. 11. The Canal Point boys in the party were Roscoe Sherrod, Wernin Sherrod, Floyd Erickson, Winfield Tidwell and Junior Politz. The boys report a very good time and look forward to another joint trip in the near future. H. C. Koldatz is scoutmaster of the local troop.

Prelate's Wit Pleased King

Rev. Dr. Mountaine, an Anglican bishop in the reign of George II, is said to have won his see by an apt quotation from the Scriptures of faith moving mountains and casting them into the sea.

CANAL POINT

Mr. and Mrs. John C. Magaw visited West Palm Beach Monday.

Residents who observe the weather comment on the fact that this May weather is the best in several years.

Men and women riding in two cars made camp on the canal bank Sunday and spent the day fishing and picnicking.

H. F. Holloway made his regular visit to East Beach Tuesday to inspect the progress of the road work for which his firm has the contract.

H. S. McLeoden, agricultural agent for the F. E. C. railroad company, accompanied County Agent Hiatt on a visit to Canal Point Tuesday.

W. E. Landes, the photographer, was out from West Palm Beach Monday taking photographs for Felix H. Whidden. He was accompanied by his brother.

One of the county bridge crews was out from the county seat Monday to do some work on the canal bridge. Bridge-ender Todd had reported that the bridge was not swinging smoothly.

E. G. Thews, superintendent for Bryan & E. Holloway, was in Canal Point Tuesday on his way to get a tug out that was on the ways for overhauling. His brother Otto accompanied him.

R. J. Schroder of Pahokee is now clerking in O. P. Griffin's store, succeeding A. E. Sasser. This employment does not interfere with his conduct of his rooming house in Pahokee.

Traffic on Corners Highway and the lake is holding up well. Most of the highway traffic is now to the west and north instead of to the east and south and is made up of Floridians who are on their summer vacations. Some tourists are still coming in from the north.

Mrs. Claude C. Coleman entertained Tuesday in honor of her son Grover's first birthday. Those present were Mesdames Coburn, Cutting, Vann, Taylor, Raborn, Magaw, Crawford and Miss Miriam Crawford. Bridge prizes were won by Mesdames Raborn and Coburn.

Rev. and Mrs. William Jesse Thomas were over Tuesday from South Bay to get some articles of household furniture from their dwelling house near the ice plant. They are comfortably and pleasantly located in Canal Point although they regret that it puts them in less frequent contact with their East Beach friends.

An explanation is offered about the big fish that L. L. Knight tells about having fallen near his place from out of the sky. Mr. Knight lives about a mile north of Canal Point and has a store.

No one who knows him questions any of his statements so when he wrote to this newspaper that a big fish fell, no one doubted it. The explanation offered is that a fish-bait had caught the fish but the fish got away as the hawk was flying near the Knight store.

NOTICE

The Woman's Club will meet with Mrs. W. H. Vann at her home Tuesday afternoon, May 17th, at 4 o'clock. All members are urged to attend.

Through South Florida

THE COUNTY

George W. Morris of Honolulu, Hawaii, is suing for divorce and papers in the case were served on his wife who lives in Lake Worth.

Jules M. Burgarter has gone to New York to aid in getting Palm Beach property owners to assist in paying taxes for Everglades drainage.

The County Democratic Club met Monday evening at Kelsey City.

Negroes do not often commit suicide but John Walfie did at Boca Raton, when after cutting a woman he cut his throat and jumped into a canal.

John I. Prince of Doynton, T. F. Dempsey of West Palm Beach and W. H. Reeves of Jupiter have been nominated as officers of the mosquito control district.

The seventh annual convention of the Florida Business and Professional Women's League was held in West Palm Beach the latter part of last week.

Palm Beach county's resources, natural advantages, opportunities, will be advertised to the nation through an exhibit at the seagull-entertainment exposition to be held in Philadelphia this summer.

Mayor Clark of Lake Worth refused to permit the post of the American Legion to put on a boxing exhibition.

THE COUNTY SEAT

A clean up and paint up campaign is set for May 17 to 22.

Ray L. Smith, employee of the Western Union, committed suicide in a hotel Monday by cutting his wrists and bleeding to death.

George F. Bessel, president of the Chamber of Commerce, left Monday for New York to confer with men who have winter homes in Palm Beach and urge them to assist in incineration of their real estate in Everglades drainage district boundaries for taxation.

Merchants are making plans for a "Pay Your Bills week."

Petitions are being circulated for a referendum vote on the recall of City Manager, Bingham.

A Republican Women's Club has been formed with Mrs. H. A. Weatherly president.

News has been received that Frank LePage, who was sentenced from this county for robbery, was killed by a guard when he tried to escape from a convict camp near Milton.

A jury in circuit court acquitted Percy B. Reed, Seaboard ticket agent, who was charged with assaulting the hold up of his office when \$400 was stolen.

Mrs. Anna Greer, charged with forgery, pleaded guilty to sentence of two years was suspended on condition that she leave the state.

SOUTH FLORIDA

Bradenton realtors are investigating promises made to attract farmers.

Roger Babson wore overalls at a meeting in the ridge section to emphasize his declaration that a lot of real estate men should go to work on farms.

Dr. A. A. Murphy, president of the University of Florida, spoke at an alumni meeting in Tampa.

The Young Men's Business Club of Brooksville has recommended that the state attorney investigate alleged deviations from specifications in county road work there.

A coast guard cutter made a trip up Caloosahatchee river last week looking for rum runners.

A steamship of a line organized by L. C. Edwards, former president of the Florida Citrus Exchange, has arrived at Tampa from New York. It is the first of an attempt to lower the transportation costs on oranges and grapefruit.

OKEEELANTA

OKEEELANTA, FLA., May 10.—During past week little has transpired in this vicinity worthy of record.

The presence of a close-mouthed stranger on the morning of last Friday, who claimed of owning considerable land on the south shore and who returned to South Bay on foot, is just one of the news items to break the death.

The sound of the steam whistle on Capt. Clay Johnson's boat, the Lillie, proved a most joyful surprise in our long endured isolation. The Lillie was Lauderdale-bound under orders to clear the North New river canal of hydrants.

The Anjima boys on Saturday brought in their father from Palm Beach to spend Sunday with his parents and children.

L. Northing and wife and child, land owners and once residents of this neighborhood, with two friends, visited their former home and acquaintances for a few hours Sunday.

A party of five from Miami, chartered by Dr. Will, took a long ride in their car for a brief stay of one and one-half hours in town. The automobile has surely annihilated distance.

The purchasers of six-acre tracts in section 27 (Fruitree) some eight years ago, will no doubt be forced to secure title, or some other equitable adjustment through the courts.

The potato crop, now being dug by the Anjimas and Hetherington, is yielding well in quantity and quality.

Capt. Johnson reported this morning (Monday) his boat, the Lillie, broke down 27 miles below Okeelanta. He further said that the hydrant jam continued southward on the Lauderdale canal as far as the eye could see.

BELLE GLADE REALTY

J. R. Watts, a St. Petersburg realty operator who has subdivisions at that place and at LaBelle and Belle Glade, stopped in Canal Point Monday. He was making a trip on which he inspected the Everglades properties. Mr. Watts is a great booster of Belle Glade and expects it will have a bank shortly and that considerable development will take place this summer, influenced largely by the prospect that the Florida East railroad will be in operation to Hillsboro canal within four months.

GLADES COUNTY

The Glades County Democrat says it will declare it is probable that when the casing is properly set in the Brown well and the pressure of water taken off, the oil will flow from the top of the well immediately. Hopfull.

R. C. Jernigan, judge, is a candidate for state attorney for the 12th district, in which Glades county is located. Another candidate is Guy M. Strayhorn of Fort Meyer.

Express shipments of vegetables from Moore Haven amounted to 1,000 packages. Samuel Cammer loaded a car of carrots and shipped them under top icing.

Miss Leo Williamson of Moore Haven and Gene Smith, son of J. E. Smith, were married at Sebring. The young lady was a member of the class that will graduate next month from the Moore Haven high school.

D. M. Ballard and Ralph H. Harris of Palmdale are buying baby chicks and doing well raising them to the fryer stage.

Considerable interest has been shown lately in the hazard seen many times in the various parts of Diston Island drainage district. This hazard is a wearing small sheep's head around its neck, and whenever it flaps its wings the bell rings quite audibly. Just where this hazard came from and who is responsible for the bell is not known, but it has been seen many times by a number of people in this vicinity recently.

MOORE HAVEN

(Compiled from The Democrat.)

Sensational Malone of Key West, representing Monroe, Collier, Lee and Hendry counties, was a guest at the Lanchester Club's meeting last week.

City Manager Carlson reports that he and the engineer and supervisors of South Florida drainage district have made a deal to finance the completion of the district's pumping plant and the motor and drainage line work ordered. It is hoped the plant will be completed in 30 days.

W. H. Edwards, jr., pastor of the Baptist church, included a Mothers Day program in the service Sunday morning.

Thursday, May 6, was a big day for Moore Haven chapter of the Order of the Eastern Star. Past Grand Officer Lela Scott of Sebring was present, there was a banquet and initiation.

Mrs. C. F. Klutts is worthy patron. Charter for the Moore Haven Building and Loan Association has been received. The capital authorized is \$100,000. J. L. Taylor is president, D. L. French secretary and Scion Stalls treasurer.

Paul Gustin, who was a partner with Duncan Moffatt for several years and now lives in Sarasota, was in Moore Haven lately to deal with Fred Hendricks, who will lease a building Mr. Gustin has an interest in and run a novelty works.

Melvin Harden has ordered equipment for a cleaning and greasing business.

St. Augustine grass has been planted on the canal bank facing Riverside Drive from the lock to the county bridge and the planting will be carried down the canal to the city limits. The bank had been leveled down in advance.

OKEECHOBEE

(Compiled from The News.)

Louis Gardner of Boston and Okeechobee, advises the local Shriners that he would give a thousand dollars to the Masonic Temple building fund, which makes him the largest individual contributor to that fund. He is a large property owner in Okeechobee, owning the Harding hotel and other real estate. The Shriners are boosting the building of the Masonic Temple here, and it is hoped that the fund will soon be large enough to commence the actual building of some. There were about twenty-five Shriners present at this banquet, with Judge Lovorn presiding at the head of the table, and an enjoyable and profitable time was had.

Plans for municipal improvements in the amount of \$215,000 overwhelmingly voted by the taxpayers of Okeechobee at the bond election held January 26, have been worked out by City Engineer Lawrence, submitted to the city council and its approval received. The largest item in the program is the expenditure of \$20,000 for the purpose of paving the city's portion of opening, widening, or paving streets and avenues.

At the meeting of the board of directors of the Chamber of Commerce Tuesday a communication was read from Dr. P. Phillips of Orlando, one of the largest orange growers and buyers in Florida, relative to the establishment of a packing house here. A committee of three, was appointed to take the matter up with Dr. Phillips and aid in the establishment of a packing house.

Dr. John P. Hale, pastor of the

baptist church, has tendered his resignation on account of illness. Guilda Lee Lamb and Michael Thomas Dowling were married at Fort Pierce May 1. She is the daughter of Mrs. M. G. Lamb. He is a plumber who has worked here for a year.

Mrs. Ruth Bryan Owen, candidate for congress, will speak in Okeechobee May 17. She is a daughter of the late Colonel W. J. Bryan.

SOUTH BAY

The decorations at the Methodist church Sunday were elaborate, flowers being in greater profusion than has ever been seen here before. It was an incident to the observation of Mothers Day, for which a program was given before the morning service. The program included readings and recitations. A reading by Frank Willett sustained his reputation as possessing unusual talent.

The pastor, Rev. Wm. Jesse Thomas, preached here at 11 o'clock. He alternates on Sunday afternoons between South Bay and Belle Glade. Next Sunday afternoon, the 16th, he will preach in the afternoon at Belle Glade.

BELLE GLADE

M. E. Sunday school was well attended last Sunday and there were fine decorations. A Mothers Day program was given. Rev. Wm. Jesse Thomas, the pastor, preached in the evening and Mothers Day was his topic. A business meeting was held after the service and plans made for finishing the church, the discussion indicating that the prospect is good for all departments of the church work. The pastor serves South Bay as well as Belle Glade, preaching at one place in the forenoon and at the other in the evening each Sunday and alternating the appointments so as to be at South Bay one forenoon and Belle Glade the next Sunday forenoon.

SUCCESS

It's success you want my boy. This proverb you should know; If success is for you a jay.

Success for you will grow. It's service people want today. For that is what they need; Success is sure to come your way.

If you in service lead. You will a royal welcome meet. From people of your town; While gratters as they walk the street.

Will meet an truly friend. —FRANK FRIEND.

ABOUT PEOPLE

Rev. M. H. Travis, the Methodist minister who serves Bare Beach and other congregations on the south and west side of the lake, has seven appointments all. He and Mr. Price repaired the roof of the Bare Beach church last week.

A representative of the Fairbanks-Morse Company who is assisting in installing the South Bay pumping station is D. Cameron. An early Donald Cameron was the Scottish chieftain who was called "the gentle Lochiel"; a later Don Cameron was the son of Simon and succeeded his father in the United States senate from Pennsylvania. The Mr. Cameron at South Bay says many people remark on his name.

The Mr. Forbes who managed the hotel at Lake Harbor is not related to the Forbeses on Ritta Island and at South Bay and Canal Point. He comes from Boston and was on the Panama canal with J. B. Jeffries and Mr. Scullen.

James Stevens, one of the salesmen for the Clewiston Company and making his headquarters at the Clewiston Inn, is a professional singer and was the chief baritone in the St. Louis municipal organization. He came to Florida because his health had broken down. Mr. Stevens is a grand voice well trained and his courtesy and generosity in singing delights the guests at the Inn.

CALLERS

J. L. Stradley of Miami, traveling freight agent of the Atlantic Coast Line railroad was on East Beach the latter part of last week to post himself on the movement of the tomato crop. With him was a member of the firm of Goodson & Hite of Birmingham, railroad contractors, who may take the contract for installing the Standard Oil Company's plant.

The editor's old friend Colonel P. F. Harbison of West Palm Beach drove over Monday from Belle Glade to see about getting bean hamper and to inquire about market conditions. He caused all the local supply of hamper to be absorbed, so he had to plan to get them at South Bay. Colonel Harbison is a retired officer of the U. S. Army who is making a good-sized tract of land near Belle Glade several years ago and is keeping it bequeath his time and sustain his interest even if so far it hasn't made him much money. He is in his car a specimen bunch of celery which he specimens from other parts of the Glades shows that a fine quality product can be grown here.

Frank J. Wideman of West Palm Beach, attorney for the board of county commissioners, and his brother, Jerome E. Wideman, of the law firm of Wideman & Wideman, were callers at the office of The Everglades News Saturday. They were on their way to Gainesville to attend a meeting of a fraternity and came by way of Conners Highway in order to see the country. Frank Wideman was the attorney who acted for the Seaboard Air Line Railway Company when it made its entry into South Florida. Jerome E. Wideman has been located in West Palm Beach for several years and was the first commander of the Most of the American Legion and has served as department commander.

Inspectors—C. W. Colley, Wm. F. Fremd and Harvey G. Geer

Clerk—W. L. Christensen

Precinct No. 18, West Palm Beach

Polling Place—Wesgate Filling Station

FARM NOTES

A variety of tomato called "Bryan's Self-Topper," growing in J. C. Cones' field in Canal Point, wins the praise of H. L. Spear for both quality and producing about 2,000 specimens of the fruit and not find more than two or three such. The vines did not look as thrifty as vines in some other fields but they certainly did have the fruit. Some pruning has to be done for even this self-topper and it is a good deal a matter of chance as to when it is just right to prune any vines, but Mr. Cones seems to have hit it just right. Mr. Spear says. He made some interesting observations in Willard Smith's tomato patch, where vines that were pruned at a certain time have done much better than vines pruned the same way but at a different time.

Okra, when dried (or dehydrated) is as good as when green and when sold out of season is sold at a good price and by the ounce. Professor R. Mendel of Palm Beach, a noted food specialist, told C. B. Savage, of Exotic Gardens, when the two visited the Exotic Gardens' property, the former told him that this was the best okra he had ever seen.

Professor Mendel, conducting "The Clavis," a dining restaurant moored in Lake Worth at Australian avenue and Lake Trail, was engaged to provide a fine wedding supper for Thursday evening and he came out to get delicacies from the Exotic Gardens truck garden. He is a director of high repute and during the war was at one of the hospitals in Pennsylvania. At another time he was on the staff of the Hotel preserving company. During the Palm Beach tourist season he was with the Alha hotel and once that he is a permanent resident of Florida because of the illness of a member of his family, he is using his knowledge of foods as owner of "The Clavis."

Mr. Savage is procuring from Mr. Mendel many valuable hints as to vegetables that can be grown in the upper Everglades and the means of handling them for the best profit. The hints as to drying vegetables are expected to enlarge the variety of products grown in this region and improve marketing conditions. He refers to okra and manner of its use being one of the several hints Mr. Savage obtained.

From an acre of land in their farm between Canal Point and Pahokee R. Doe & Sons this week drew 90 barrels of potatoes. 75 per cent of which were No. 1's that sold for \$1 a box in the place. The No. 3's will be saved for seed in the fall. The piece of ground on which the potatoes were grown is a knoll and has never been overflooded.

Inspectors—F. B. Evans, P. A. Ransom and F. C. Miller

Clerk—Charles A. Reed

Precinct No. 25, Delray

Polling Place—Booster Club

Inspectors—L. L. Harwick, Frank Hand and J. S. Sims

Clerk—C. L. Miller

Clerk—W. C. Crawford

Precinct No. 31, Canal Point

Polling Place—W. J. Larimore Store

Inspectors—G. A. Watkins, Duic Tucker and E. A. Forbes

Clerk—William P. Jordan

June, 1926, between the hours of 8 o'clock A. M. and 5 o'clock P. M. and sun-

down an election will be held in the county of Palm Beach, Florida, as provided in resolution herebefore set forth for the purpose of determining whether bonds for the purposes set forth in said resolution shall be issued and said election shall be held at the place and by the election officials herebefore set forth in said resolution.

By order of Board of County Commissioners, Palm Beach County, Florida, dated 5th day of May, A. D. 1926.

BOARD OF COUNTY COMMISSIONERS, PALM BEACH COUNTY, FLORIDA.

Attest: FRED E. FENNO (Seal)
Clerk

NOTICE OF APPLICATION FOR TAX DEED

Under Section 777 of the Revised General Statutes of Florida
Notice is hereby given that J. E. Seid, purchaser of tax certificate No. 2681, dated the 2nd day of April, A. D. 1925, has filed said certificate in my office and has made application for a deed to the land described in said law. Said certificate embraces the following described property, situated in Palm Beach County, Florida, to-wit: Lot 1, Block 297 Lake Worth. The said land being assessed at the date of the issuance of such certificate in the name of Samuel Hammett. Unless said certificate shall be redeemed according to the terms of said law, thereon on the 7th day of June, A. D. 1926. Witness my official signature and seal this 20th day of April, A. D. 1926.
First publication April 30th.
Last publication June 4th, 1926.

NOTICE OF APPLICATION FOR TAX DEED

Under Section 777 of the Revised General Statutes of Florida
Notice is hereby given that Isabelle L. Barnett, purchaser of tax certificate No. 357, dated the 6th day of September, A. D. 1925, has filed said certificate in my office and has made application for a deed to the land described in said law. Said certificate embraces the following described property, situated in Palm Beach County, Florida, to-wit: Lot 14, block 368, Town of Lake Worth as recorded in plat book 2, pp 29 to 40. The said land being assessed at the date of the issuance of such certificate in the name of Joe A. Landon. Unless said certificate shall be redeemed according to law, said tax deed will issue thereon on the 7th day of June, A. D. 1926. Witness my official signature and seal this 20th day of April, A. D. 1926.
Fred E. Fenno, (Seal) Clerk Circuit Court, Palm Beach County, Florida.

Florida Muck Farms

"America's Ever-Producing Soil"

Empire!

The lust for empire obsessed Napoleon. It fed the fires of his ambition. It led him to fame and fortune, but it also paved his way to defeat and downfall.

Empire to Napoleon meant power, but there was no rest or ease for his feverish spirit. He yearned for world dominance and overlooked the opportunity to enjoy life and make others happy.

Napoleon possessed the average man's ambition greatly magnified. Every man if he is normal, wishes to own a home and be comfortable, physically and financially. Nearly every man has the desire to own land—a farm—to contribute something to the sum total of world production. No man, except one lost to pride and responsibility, wishes to be a parasite; to live from the productive work of others. All have a desire for empire, to a limited degree, though, they may not be conscious of it.

Building An Agricultural Empire

In the Heart of Florida's Ultra-Productive Muck Region

Lake Harbor

Shipping-Recreational
Educational Center

LAKE HARBOR townsite stands on the south shore of Lake Okeechobee, midway between West Palm Beach and Fort Myers on the cross-state highway.

It is situated at the head of Miami canal, an open waterway that flows from the lake to the port of Miami. It is a delightful place to live and a strategic point for building business.

It is possible for many to become possessed of a hold in a veritable empire at our door.

The Everglades are an empire in extent—a principality in potential wealth.

This fertile region is vast and inviting in its possibilities.

An immediate opportunity to own a farm in this superlatively rich territory may be found in Florida Muck Farms, lying south of Lake Okeechobee in the very heart of the Everglades, described by Dr. Harvey Wiley as a region whose development offered possibilities beyond the limits of prophecy.
